```

Default CW layout should look something like this

```
<layout name="mainlayout" />
  <menu name="mainmenu">
    <menutitle text="File">
      <menuitem text="Preferences" action="DoPref" />
      <menuitem text="Exit" action="DoExit" />
    </menutitle>
    <menutitle text="Help">
      <menuitem text="About" action="ShowAbout" />
      ...
    </menutitle>
  </menu>
  <panel name="pnlTopIconsMain" doc="top" h="65">
    <flowpanel name="pnlTopIcons" direction="L2R" doc="left" w="865">
      <control name="buttOpenFile" />
      <control name="SaveScene" />
      ...
    </flowpanel>
    <flowpanel name="pnlTopMessages" direction="T2B" doc="right" w="509">
      <control name="lblMainMessage" />
      <control name="lblTime" />
    </flowpanel>
```

```

</panel>
<splitpanel name="mainSplit" dock="fill" orientation="H" splitpos="455">
  <splitpanel1 name="mainSplit1">
    <tabpanel name="mainTabs" dock="top" h="50">
      <tabitem name="3DViewTab" control="ctlTitle3dView" isselected="true">
        <panel name="pnl3DView" dock="Fill">
          <flowpanel name="3DViewLeft" direction="T2B" doc="left" w="50" collapse="buttExpandLeft"
iscollapsed="true">
            <control name="ctlSupports1"/>
          </flowpanel>
